Math

This week we figured out stories, stories, and more stories. Some were with money. They were solved using addition, subtraction, multiplication, or division.

We realllllllly had to use our heads to know how to solve each problem.

Madison Zoo

We had to use our rain date and go to the zoo on Friday. Then K-5 had fun in the sun!

Writing

We each wrote an autobiography. It even included goals for 3rd Grade and beyond!

State Test

You will find the test on our 50 states in the Friday Folder. Included are questions from every state that a student chose as a state report. You might want to ask your son or daughter which question was about his/her state.

Track & Field Day

Please help your child fill out a lunch choice for May 25. K-2 will be outside in the morning. That's when our class will need help from parents. We will have inside activities in the afternoon.

Jump Start

The following student was honored for being a Kid of Character:
Zach - Makes a Difference

Kearston Greene
Star Student

Kearston's favorite thing about school is Math. Her goal for the future is to earn A+s in every subject, all year. So far she has 4 A+s. She likes knowing that she is nice.

Her display includes a digital audio player, a photo of a soldier in her family, a dream catcher, several toy balls, insects, and miniature cars. From nature she has gathered snail shells and a deer antler. A pompon and a Happy Birthday bear show that she likes to party. Lip gloss and nail polish add more beauty to an already beautiful girl!
