- Oct. 20—Report Cards
- Oct. 22-23—Conferences
- Oct. 30—Halloween fun

Academic News

Reading

We will be reading "City Green". The reading strategy this week will be cause and effect.

Spelling

The list contains words with syllable patterns. Pretest on Monday and posttest on Friday.

Language

We will be finishing our personal narrative. We have fin-

ished the first unit and will be taking a test on Thursday.

Math

This week in math we will continue to work some with story problems but this time quantity, quantity, difference. We will then begin reviewing partial sums, count up, and trades first algorithms. I have sent home directions for each of these in the Friday folder.

Science

I lied but didn't mean to. We can't do Unit F until we do Unit E. So we are going to start with Unit E, Investing Matter. The first chapter is Properties of Matter, physical properties, solid, liquid, gas.
